## How to Talk About Incontinence: A Checklist

Rosato-Scott, C., Barrington, D.J., Bhakta, A., House, S.J., Mactaggart, I., Wilbur, J. (2020)

visit the library

The checklist can be used to increase the understanding of incontinence and the options available to support people living with the condition; and provide guidance on how to have conversations to understand how best to support people living with incontinence in your area.
